Introduction

This file contains a record of the special meeting attended by all Village Green Metropolitan Park District Commissioners on September 28, 2021. The purpose of the meeting was to identify special projects desired to be begun or completed in 2021. It began at our usual time, 6:30 PM and concluded at 8 PM.

Attendees were as reflected on the authors tab: Commissioners Tracy Harris, Jason Manges, Bob Netzel, Bobbie Moore, and Patrick Pearson, plus community members Walt Elliott, Betsy Cooper, and Dave Wetter.

We had announced the meeting as usual via the VGMPD website and invited Zoom and in-person attendance, though we weren't sure we would be able to accommodate public comment, we did so.

We had the services of Renee Amicucci, community member, to take notes via this Excel spreadsheet so that our clerk Tracy Harris could fully participate in the brainstorming session.
